Panda is the descendant of the world famous COMBI-CAMP, which has given thousands of families wonderful holiday memories.

The classic low silhouette of the closed trailer remains unchanged as does the unique opening system, which allows for the fastest possible erection of the tent in the market.

Panda can be fitted with a zip-on annex, expanding space by approx. 4 m² (optional).

There are many other useful accessories to make your COMBI-CAMP Panda even more complete. Please see special leaflet.

To improve braking stability COMBI-CAMP recommends that your tent trailer is equipped with brakes (optional).

The all-new closing/locking system allows the Panda and the De Luxe kitchen to be locked with only one key.
